

Carroll County Council of PTAs is pleased to present you with your handbook. Please make use of the many resources available. PTAs should know they need face no problem alone. County, State, and National PTA has a wide network of contacts to provide your local PTA with any help.

As members of the Carroll County Council we learn to depend on one another. It is imperative that officers are trained and interaction occurs with other local PTAs. This *Resource Book* should provide you with the basics needed for the successful operation of your PTA.

Please call me or your school's representative if you have any questions, comments, or concerns. Remember council is always looking for new ideas which start at your local level. Thank you to all who have helped CCCPTA continue to serve *everychild* with *onevoice*.
